Lisa Modifica, Production

TABLE OF CONTENTS

Chapter 1. Introduction	1-1
Existing Travel Modes and Shift to Sustainable Transportation Modes	1-2
Study Process	1-6
Report Organization	1-6
Chapter 2. Existing Conditions	2-1
Demographics and Land Use.....	2-1
Planning Context	2-4
3-Ds of Travel Behavior	2-8
Circulation and Parking Network.....	2-14
Existing Transit Services	2-22
Transportation Demand Management	2-36
Chapter 3. Stakeholder Interviews and Summary of Needs	3-1
Stakeholder Interviews	3-1
Summary of Needs	3-7
Chapter 4. Sustainable Transportation Strategies.....	4-1
Transit Services.....	4-2
Transportation Demand Management	4-15
Parking Strategies.....	4-27
Off-Street Parking Standards	4-29
Pedestrian Connectivity and Safety.....	4-47
Bicycle Connectivity and Safety	4-59
Wayfinding	4-67
Chapter 5. Funding	5-1
Funding Considerations	5-1

Appendix A. Street Typology	A-1
Appendix B. Stakeholder Contacts and Interview Guidelines.....	B-1
Appendix C. Bus Stop Guidelines	C-1
Emeryville Bus Stop Overview.....	C-1
Factors Affecting Access to Transit	C-2
Bus Stop Components	C-2
Curb-Side Factors	C-2
Bus Stop Improvement Program.....	C-5
Appendix D. Open House Presentation.....	D-1
