APPENDIX: MAJOR PROJECTS TABLE	

HIGHLIGHTS

This report summarizes the activities of the Community Development Department for the month of March 2024. For historical information, prior months' reports are available in the online [Archive](#). For additional details on any of the included topics contact Community Development Director Chadrick Smalley at csmalley@emeryville.org.

Major Highlights for this period and discussed in more detail below include:

- Staff supported the City Attorney's office in the development of a Tobacco Retailer Licensing Ordinance. This ordinance will require all businesses that sell any amount of tobacco products to obtain an annual license from the City. The ordinance includes certain operating restrictions regarding the sale of tobacco products and limits the locations in the City where a Tobacco Retailer License may be issued.
- Staff worked to prepare mid-year adjustments to the Fiscal Year 2024 Operating Budget. Significant decreases in the Community Development Department's budgeted revenue are expected, due to the sharp slowdown in commercial real estate leasing, which has resulted from interest rate increases. This slowdown has caused developers of certain major projects to delay the start of construction, which in turn delays the City's receipt of permit fee revenue.
- Staff coordinated the Visual Arts Grant Program. This program provides grants for the installation of artworks in the City; and in its pilot year was undersubscribed. This year, with the support of the Rotten City Cultural District program, the program received applications for six times the amount of available funding.
- Staff conducted a Study Session of the Planning Commission to discuss modification of the Planning Regulations, specifically to limit certain automotive and personal storage-related uses. These changes were requested by the City Council, and the Planning Commission generally supported staff's proposed implementation of the City Council's direction. The proposed amendments will prohibit new gas stations, car washes, dealerships and personal storage uses anywhere in the City, and establish new use classifications for alternative-fueled vehicle showrooms and fueling stations.

Major Projects Under Construction

The following include brief highlights and status of major projects under construction during the current month. The Map Number refers to the Major Projects Map and corresponds to the Major Projects Table.

- The Emery/The Lab (Map No. 16): Building 1-31 ("The Lab") received final inspection of phase I (level 1 lab space and level 2 office) in September 2023, while phase II (additional level 2 office and level 3 lab space) final inspection is pending balancing of mechanical equipment and final documents. The Developer continues to file for Temporary Certificate of Occupancy extensions for the four residential buildings (B; B1; C and D) signoff is pending building completion.
- Bay Street Grocery Store (Map No. 15): Building shell is 99% complete, final inspection signoff is pending building completion. As the project nears completion, per the project Conditions of Approval, both the plaza improvements and the grocery store are to be completed before final inspection and occupancy can be granted. As of March 2024, the plaza continues to be under construction, as a result Public Works will establish conditions to allow the grocery store shell to receive final inspection but remain not occupiable as a condition.
- Nellie Hannon Gateway (Map No. 21): As of March 2024, framing for upper floors continued Fire resistive construction and inspection for partition walls and temporary power for the construction is underway. The 5th floor of construction of 7 total is now completed. All overhead utility services located at the north end of the development are now relocated underground.

Major Projects Anticipated

The following major developments are anticipated to generate Building Division activity in Fiscal Years 2024 and 2026:

- Public Market Parcels A, B and F (Map No. 10); Plan review continues. Parcel B, Lab, Pavilion, Garage. 3-4 round of plan check comments in March respectively.
- EmeryStation Overland (Map No. 9); 1567 63rd Street, plan review continues.

Major Tenant Improvements

The following major tenant improvements had building permits submitted, approved, or issued in the current period:

- 1480 64th Street; Building B Core, Shell and Transformer, enclosure and site work; valuation \$2.3 million.

Project Meetings of Significance

The Building Division held the following significant meetings in the current period. These meetings variously involve the Chief Building Official, plan check staff, Alameda County Fire Department staff, and the projects' development teams. Their focus is to aid the applicant to identify potential building code issues, alternate materials and methods requests, project scheduling issues, expected fees, and other major building concerns both before and during construction.

Other Policy and Program ActivitiesEconomic Development

Staff attended and assisted with the production of a BizNexus Quarterly Business Networking Event at Flores on March 27, 2024. This event celebrated the launch of the Emeryville Commerce Connection (ECC), a new 501 c (6) nonprofit organization that supports the Emeryville business community. As part of the ECC's program, they will be producing quarterly networking events for Emeryville businesses.

Affordable Housing

In the current period, staff continued development of programs and policies related to the City's Pro-housing Designation, Affordable Housing Bond Administration and Expenditure Plan, and Housing Element. Specifically, staff worked to finalize updates to the First Time Homebuyer Loan program for downpayment assistance, and further developed a residential accessibility improvements program.

Paid Parking

Staff met with the City's parking vendor, IPS, regarding key contract elements related to parking services and negotiated reduced costs and frequency for coin collection. IPS will offer a pilot of Text-To-Pay service in April or May of 2024.

Public Art

40th Streetscape Public Art – Selection panelists individually scored 44 respondents to the City's call for artist qualifications and met to consider 10 semi-finalists for Conceptual Design Proposals for public art to be integrated into the 40th Street Multimodal Improvements Project. The Panel met March 28, recommending five finalists for the PAC's consideration at its April meeting for nomination to the City Council at its May 21st meeting.

Sharon Wilchar Bus Shelter Art – This program's seventh phase is underway, with artist Lisa Rock 's work currently installed until April 30, 2024. In March, Gregoire Vion provided images and text for installation in May 2024.

Visual Art Grants – Twenty-nine grant applicants presented proposals for visual art grants to a selection panel made up of two PAC members and two Park and Recreation committee members. The applicants applied for installations on 16 sites asking for a total of over \$430,000. The selection panel recommended three artists for funding with the initial allocation of \$50,000, and nominated six other artists for consideration by the PAC with an increased allocation of funds to the program. The PAC made recommendation for seven awardees, as discussed above.

Cultural District – The Rotten City Cultural District (RCCD) partners met the ABG Art Group team at the Emeryville Senior Center's Billiard Room on March 20th to discuss monthly activities and release of call for mini-grants on the RCCD website.

Staff coordinated with the Arts and Culture Talk Series at the Berkeley City Club for a staff presentation scheduled for May 1.

On March 22, 2007, Commission deadlocked 3-3 on project, with one recusal, so application went to Council without a Commission recommendation. On April 17, 2007, Council approved project 4-0 with one recusal. Council approved one-year extension request on January 20, 2009. Council considered second extension request on April 20, 2010 and directed that ordinance be modified to allow demolition of existing house prior to issuance of building permit for replacement structure. Revised ordinance was passed on September 21, 2010 and took effect October 21, 2010. Planning Commission considered extension request, and new finding allowing demolition of existing house, on December 9, 2010, and voted to recommend denial to City Council. City Council held public hearing on January 18, 2011 and continued it to February 1, 2011, at which time they voted to approve extension to April 17, 2011, but not to allow demolition of existing house until building permit for replacement structure is ready to issue. Resolution to this effect was passed on February 15, 2011. Building permit applications submitted on January 18, 2011; extended to July 18, 2012 by Chief Building Official on November 21, 2011. Permit applications were approved and ready to issue but expired on July 18, 2012. Permit to remove street tree approved by Planning Commission on September 27, 2012. On March 13, 2014, City received letter from Alameda County District Attorney saying that applicant was the victim of a crime by which the property was fraudulently "sold" several times beginning on March 8, 2011 when a deed with a forged signature was recorded with the Alameda County Recorder. DA requested City to "place the property rights back into position held as of March 8, 2011." Thus, planning and building permits are still considered valid, and have been reactivated after a temporary suspension. Building permits were approved and ready to be issued in December 2016 pending payment of permit fees. On December 12, 2016, received permit application to demolish existing house. Demolition permit issued June 2, 2017; building permits for two new units issued June 7, 2017. Planning Commission recommended approval of design modifications to add roof decks on 4-1 vote with one abstention and one absence on January 25, 2018; City Council approved modifications on 3-2 vote on March 6, 2018. Issued Temporary Certificates of Occupancy on August 19, 2022.
