APPENDIX: MAJOR PROJECTS TABLE	

HIGHLIGHTS

This report summarizes the activities of the Community Development Department for the month of November 2024. For historical information, prior months' reports are available in the online [Archive](#). For additional details on any of the included topics contact Community Development Director Chadrick Smalley at csmalley@emeryville.org.

Major Highlights for this period and discussed in more detail below include:

- .
- On November 15th, Community Development Director Chadrick Smalley accompanied Mayor Courtney Welch to a ribbon cutting and grand opening event for Ramen Hiroshi at the Public Market. Owned by a husband and wife team, Ramen Hiroshi's Emeryville location is the business' second, with their first in Walnut Creek.
- As noted in last month's report, the Art Center Advisory Group recommended retaining the services of a consultant to assist with capital fundraising plan for the Art Center project, and development of the project as new construction, after discovering that the costs of adaptive reuse and new construction were comparable, and both options significantly exceed existing funding available to the project. On November 19th, the City Council held a study session on the Art Center and concurred with the Art Center Advisory Group's recommendations and gave staff direction accordingly.
- Also on November 19th, the City Council selected artist Sijia Chen for the 40th Streetscape Public Art project. This project, which will be implemented in conjunction with significant improvements to 40th Street's pedestrian and bicycle facilities, will include several elements over the entire length of 40th Street from San Pablo Avenue to Shellmound.

Major Projects Under Construction

The following include brief highlights and status of major projects under construction during the current month. The Number refers to the Major Projects Table.

- The Emery/The Lab (No. 16): Building 1-31 ("The Lab") received final inspection of phase I (level 1 lab space and level 2 office) in September 2023, while phase II (additional level 2 office and level 3 lab space) received final inspection in May 2024. In August 2024 the final phase of adaptive reuse for the warm shell received a final. The Developer filed for a fourth Temporary Certificate of Occupancy extension for the four residential buildings (B; B1; C and D) in April 2024, through October 2024. Developer Quarterra expects to request final Certificate of Occupancy for the four residential buildings in December.
- Bay Street Grocery Store (No. 15): Building shell is 100% complete, final inspection signoff is pending completion of the plaza improvements. In May 2024 the Building Division held a presubmittal meeting with the design team for the future tenant Tokyo Central Marketplace. In October, plan review continues with building permit issuance pending. Building has concluded the 4th review, awaits architectural review and response.
- Nellie Hannon Gateway (No. 21): As of August 2024, physical construction of the building structure was completed, currently exterior weatherproofing of the structure is 100% completed. The roof assembly has been completed and solar infrastructure is in place. Waterproofing and construction defect testing phase continues. As of November all frame inspections are completed, all ceiling, floors, interior, exterior walls are insulated and sheet rocked.

Major Projects Anticipated

The following major developments are anticipated to generate Building Division activity in Fiscal Years 2025 and 2026:

- Public Market Parcels A, B and F (Map No. 10); Plan review continues for Parcel B lab tower, open space, pavilion, and Parcel A garage.
- EmeryStation Overland (Map No. 9); 1567 63rd Street, building plan review extension granted in October. EmeryStation V 1601-1607 63rd Street, demolition permit was issued in November.

Major Tenant Improvements

The following major tenant improvements had building permits submitted, approved, or issued in the current period:

- Upside Foods “Project Tetris” 3 Phase tenant improvement – 6201 Shellmound Street, Phase 1, 2 and 3 permits approved, inspections continue: Valuation \$19.5 million.
- Sweetgreen, tenant improvement - 5959 Shellmound: Valuation 1.1 million.
- Bioage, Laboratory tenant improvement - 5885 Hollis Street: Valuation 1.3 million.

Project Meetings of Significance

The Building Division held the following significant meetings in the current period. These meetings variously involve the Chief Building Official, plan check staff, Alameda County Fire Department staff, and the projects’ development teams. Their focus is to aid the applicant to identify potential building code issues, alternate materials and methods requests, project scheduling issues, expected fees, and other major building concerns both before and during construction.

Other Policy and Program Activities

Economic Development

On November 15, 2024, staff accompanied Mayor Courtney Welch at a ribbon cutting and grand opening event for Ramen Hiroshi at the Emeryville Public Market. Ramen Hiroshi is owned by the husband-wife team of Hiroshi Tun and Angela Yanese. Emeryville is their second location, with their Walnut Creek restaurant ranked one of the best Japanese restaurants in that City.

The Emeryville Amtrak Station is the subject of several real estate agreements executed in the early 90's, which call for the transfer of the station from Wareham to the Redevelopment Agency to Amtrak. Due to the dissolution of the Redevelopment Agency and other issues, the transaction was complex and difficult to close. Agreements that had been under negotiation since late 2018 were finally approved by the City Council on September 17th, 2024, after which Amtrak requested a survey of the properties to be conveyed. That work was completed in October 2024 and the transaction formally closed on November 25, 2024. EDH Staff extends thanks to the City Attorney's office and especially outside counsel Karen Tidemann for her assistance with completing this transaction.

On November 3, 2024, staff coordinated a tour of creative businesses with the City's contracted marketing firm, 510 Media, to explore the intersection of art and innovation for marketing purposes. The tour included visits to Jered's Pottery, Unspun textiles and Mycoworks. The tour was a strong reminder of the synergies between Emeryville businesses and the innovative spirit that inspires both the arts and science in these cutting-edge businesses.

Affordable Housing

In the current period, staff continued development of programs and policies related to the City's Pro-housing Designation, Affordable Housing Bond Administration and Expenditure Plan, and Housing Element. Staff is currently preparing the first annual report of the Affordable Housing Bond Administration and Expenditure Plan to present to City Council in January 2025.

The Emeryville Accessible Living Initiative for residential accessibility improvements extended the application deadline from September 30 to October 14. Information on the program can be found on the [City's website](#).

The First Home Emeryville down payment assistance program launched in September, and the City received high interest in the program with over 270 applications. Information on the program can be found at [Emeryville Down Payment Assistance \(hellohousing.info\)](#).

Staff continued to explore various tenant stabilization policy options to bring to the Budget and Governance Committee and/or Housing Committee for discussion and policy direction. The policy topics staff is reviewing include:

- Modifications to the Residential Landlord & Tenant Relations Ordinance to expand BMR Tenant Protections
- Capping Unbundled Parking Costs for BMR Tenants
- Modifications to the BMR Tenant Recertification Requirements
- Tenants' Right to Legal Council
- Tenants' Right to Organize
- Modifications to the BMR Rental Guidelines

Staff submitted an application to the Association of Bay Area Governments (ABAG) for a \$500,000 Transit Oriented Communities Planning and Implementation Housing Policies grant to support: 1) the development and implementation of an inclusionary zoning policy, and 2) to expand protections in the just cause eviction, tenant relocation assistance, and tenant anti-harassment components of the City's Residential Landlord and Tenant Relations Ordinance. Notification of the award is tentatively scheduled to be released on February 14, 2025.

Public Art

40th Streetscape Public Art – The PAC reviewed the Selection Panel's recommendation from the interviews the panel conducted on August 27 and made a recommendation for the selection of Sijia Chen's proposal after reviewing proposals from five finalists. The City Council approved the contract for the installation of over 30 pieces of individual art work on November 19th. Finalists' proposals and samples remained on display at City Hall until the City Council's action. Design and community outreach is expected to be initiated in early 2025 with installation pending funding of the 40th Street Multimodal Project funding.

Public Art Pocket Map – The newly published Public Art Pocket Map will be posted on the website and distribution of 10,000 maps to cafes, hotels, City facilities and RCCD partners, as well as other venues throughout the city, began in November. Online presentation of a GIS map of all the City's Public Art Collection will be available by December 2024.

Sharon Wilchar Bus Shelter Art – This program's seventh phase is underway, with artist Erin Fong's work prepared in November for printing in December and installation in January, and Phase VIII's Request for Proposals (RFP) is under development. In November, the PAC considered a new online application process for the next round of artists to be considered for commission and nominated a Selection Panel for the City manager's consideration. The RFP will be released the first week of January 2025 with applications due February 25, 2025.

Visual Art Grants –All of the remaining four grant recipients are under contract. Rachel Wolf-Goldstein's "Red Rising" mural on Fire Station 34 and Chris Granillo's mural on the railroad facing side of EmeryTech began installation in November with installation anticipated to be complete in December. Also in November, Juan Lopez began fabrication of the mosaic to be installed in the

Senior Center Lobby in December. Packard Jennings' three birdhouses mimicking famous buildings are expected to be installed along the Greenway in Spring 2025.

Other Public Art Installations - In November, Fernanda Martinez was selected to install a mural at 4700 San Pablo Avenue in compliance with the Art In Public Places Ordinance.

Rotten City Cultural District –In November, the Rotten City Cultural District (RCCD) -curated a joint show of at least half a dozen artists featured in the Emeryville Celebration of Arts annual exhibition, as well as having a work previously selected by the City for the Annual Purchase Award in the RCCD gallery space at 5606 Bay Street. The show opened October 11th to promote the Emeryville Celebration of the Arts Exhibition to the numerous visitors to Bay Street and to highlight the City's collection in a more highly visible area. The show closed on November 17th. Additionally, a [new RCCD residency program](#) was released in October for applications due December 1, 2024. A Holiday Market occupied the RCCD Bay Street Gallery on weekends starting the last weekend in November and will continue through December with participating artists from Emeryville and adjacent communities

In December, the RCCD partners will review and make recommendation on the artist residencies to be sponsored in 2025 at the RCCD Bay Street Gallery. On December 7 and 8, 2024 Erin Fong will offer free workshops for print press use and watercolor painting of holiday cards. . On February 8, 2025, RCCD will host the inaugural Emeryville Film Festival at the AMC Theater at Bay Street. RCCD banners, signage, projection and sculpture are all under development with implementation expected throughout 2025.

RCCD mini-grant awardees outstanding include:

- DJ Walt Digz – Cuban Salsa Outdoor Dance Social in park, plaza, or any other available outdoor space –August and one other event
- Imari Mubarak (cheflee) and James Whalen and Gavin Grant - musicians performing for the public in an immersive projection mapped installation piece.
- Musicians with Keys to the City– a series of additional experimental music performances

On March 22, 2007, Commission deadlocked 3-3 on project, with one recusal, so application went to Council without a Commission recommendation. On April 17, 2007, Council approved project 4-0 with one recusal. Council approved one-year extension request on January 20, 2009. Council considered second extension request on April 20, 2010 and directed that ordinance be modified to allow demolition of existing house prior to issuance of building permit for replacement structure. Revised ordinance was passed on September 21, 2010 and took effect October 21, 2010. Planning Commission considered extension request, and new finding allowing demolition of existing house, on December 9, 2010, and voted to recommend denial to City Council. City Council held public hearing on January 18, 2011 and continued it to February 1, 2011, at which time they voted to approve extension to April 17, 2011, but not to allow demolition of existing house until building permit for replacement structure is ready to issue. Resolution to this effect was passed on February 15, 2011. Building permit applications submitted on January 18, 2011; extended to July 18, 2012 by Chief Building Official on November 21, 2011. Permit applications were approved and ready to issue but expired on July 18, 2012. Permit to remove street tree approved by Planning Commission on September 27, 2012. On March 13, 2014, City received letter from Alameda County District Attorney saying that applicant was the victim of a crime by which the property was fraudulently "sold" several times beginning on March 8, 2011 when a deed with a forged signature was recorded with the Alameda County Recorder. DA requested City to "place the property rights back into position held as of March 8, 2011." Thus, planning and building permits are still considered valid, and have been reactivated after a temporary suspension. Building permits were approved and ready to be issued in December 2016 pending payment of permit fees. On December 12, 2016, received permit application to demolish existing house. Demolition permit issued June 2, 2017; building permits for two new units issued June 7, 2017. Planning Commission recommended approval of design modifications to add roof decks on 4-1 vote with one abstention and one absence on January 25, 2018; City Council approved modifications on 3-2 vote on March 6, 2018. Issued Temporary Certificates of Occupancy on August 19, 2022.
