## HIGHLIGHTS

This report summarizes the activities of the Community Development Department for the month of November 2025. For historical information, prior months' reports are available in the online [Archive](#). For additional details on any of the included topics contact Community Development Director Chadrick Smalley at [csmalley@emeryville.org](mailto:csmalley@emeryville.org).

Major highlights for this period and discussed in more detail below include:

- On November 18<sup>th</sup>, the City Council adopted a resolution approving the “Black, Indigenous and People of Color (BIPOC) Small Business Support Program”. The development of this program was identified as a City Council priority for Fiscal Year 2024 and affirmed in more recent strategic planning sessions. The program is the result of two years of analysis and discussion by the EDAC, including brainstorming sessions, consultations with service providers, focus group discussions conducted by Northeastern University, and a review of best practices. The program includes intentional focus on outreach to BIPOC-owned small businesses and is designed to be iterative and flexible, with evaluation and modification of the program to adapt to the needs of the business community. Program activities will launch in early 2026.
- The City’s recruitment of a Chief Building Official / Fire Code Official advanced in November, with panel interviews held on November 13<sup>th</sup>, and interviews of finalists held on November 24<sup>th</sup>. This process identified a strong candidate and the City anticipates extending an offer in December.
- On November 20<sup>th</sup>, the Rotten City Cultural District marquee sculpture by artist Trent Thompson was installed at the corner of Powell and Hollis, in the location formerly occupied by a non-functional wind turbine. This sculpture is one of many facets of the Rotten City Cultural District program funded by a grant from the California Arts Commission.
