

EMERYVILLE CRESCENT COMMUNITY VISION PLAN

WHO?

The San Francisco Estuary Partnership and the City of Emeryville are working together to build relationships with local community groups and Tribal leaders. We want to make sure everyone's voice is included when thinking about the future of the Emeryville Crescent.

WHY?

There is currently no complete plan for this area that looks at future changes to the Shoreline, community needs, or ways to adapt. This project will gather input from community groups and Tribes to better understand their views on issues like sea-level rise, rising groundwater, water quality, and extreme storms.

WHY NOW?

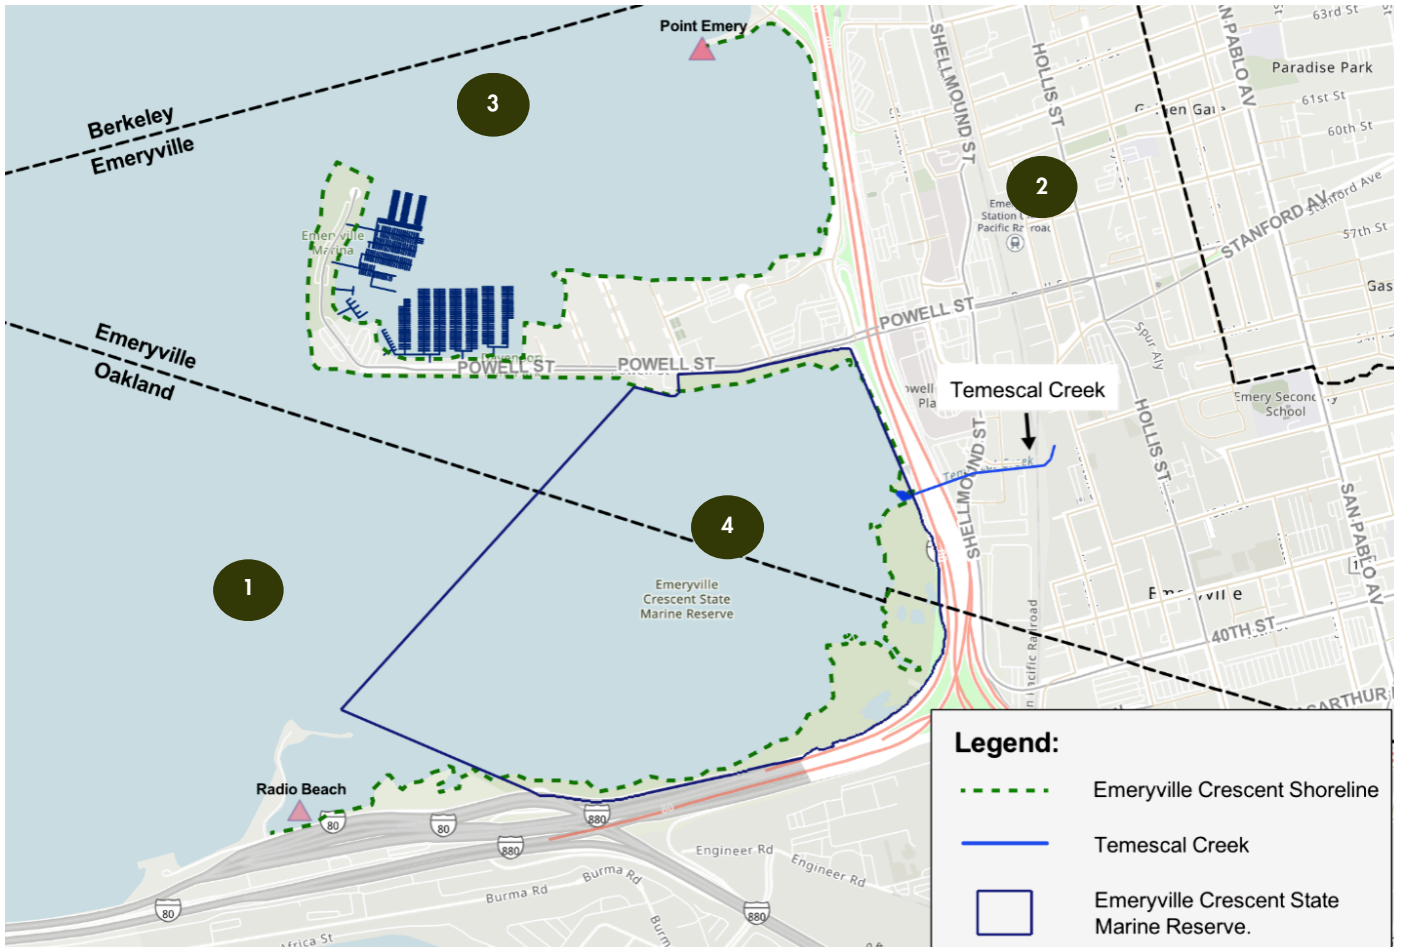

With changes to the Shoreline threats—like sea level rise, rising groundwater, and water quality challenges it is critical to plan ahead. That's why we're starting by asking for your input—your feedback will help shape the direction of this work.

San Francisco
**ESTUARY
PARTNERSHIP**

WE WANT TO HEAR FROM YOU!

1. **Radio Beach:** Bayfront beach with limited access on the north side of the Bay Bridge approach past the toll plaza.
2. **Temescal Creek:** a creek flowing primarily in culverts from the East Bay Hills to its mouth in the Emeryville Crescent
3. **Emeryville Marina:** Land that extends out into the Bay, used by both motorized and non-motorized boaters, providing access to the docking areas and open waters of the Bay.
4. **Emeryville Shoreline:** Strip of land South of Temescal Creek to Point Emery between the Oakland and Berkeley City boundaries, running adjacent to the City of Emeryville.
